Attention: Ray Sukys

Dear Ms. Kiser and Mr. Sukys:

Please accept Administrative Modification No. 6 to the rural non-Metropolitan Planning Organization (MPO) portion of the 2011 Federal Statewide Transportation Improvement Program (FSTIP). This modification revises 4 individually listed projects and 7 grouped project listings with a net decrease in funding of approximately \$31 million. Enclosed with this letter are the summary of changes and the backup listing for each grouped projects. Among other changes, this revision:

- Changes the implementing agency from Caltrans to the City of Grass Valley to construct the Dorsey Drive Interchange project in Nevada County; revises the sources of local funding and reduces the total project cost due to favorable bidding environment;
- Adds new projects and revises projects on the Grouped Project Listing for Bike/Pedestrian Facilities for the Non-Attainment areas;
- Modifies the funding for the State managed Highway Bridge Program Grouped Project Listings;
- Updates the Grouped Listings for the State Highway Operation and Protection Program (SHOPP) for Bridge Rehabilitation and Reconstruction, Collision Reduction, Emergency Response and Pavement Resurfacing/Rehabilitation programs.

These changes are consistent with the FSTIP Amendment and Administrative Modification Procedures and have no impact on the rural non-MPO financial constraint or air quality conformity. In addition, there are no projects in this Administrative Modification No. 6 that are included in any other amendment that is currently open for public review.

Since administrative modifications do not require Federal Highway Administration (FHWA) and/or Federal Transit Administration (FTA) approval, these changes have been incorporated into California's 2011 FSTIP.

If you have any questions or comments regarding this modification, please contact Lilibeth Green of my staff, at (916) 654-3521.
